

Dante Rigoli

I am an eager Software Developer, currently attending the Universidad de Palermo (UP) for Software Engineer. Proactive and dedicated at every project I work at. I strive toward new challenges coming.

// ACADEMIC HISTORY

>> Software Engineer

Universidad de Palermo | 2022 - 2025

I am learning how to design and develop high-quality software applications. My coursework covers programming languages, software development methodologies, software architectures, databases, and user interfaces. Additionally, I am gaining hands-on experience through software projects, preparing me for a successful career in the software development industry.

>> System Analyst

Universidad de Palermo | 2020 - 2022

I gained expertise in analyzing, designing, and implementing complex software systems. I possess a strong foundation in computer programming, software engineering, and project management. I learnt excellent communication and interpersonal skills, allowing me to collaborate with cross-functional teams and manage stakeholders' expectations effectively.

>> Full Stack Development

Digital House | 2018

Graduated with experience programming on HTML5, CSS, JScript, PHP, MySQL, SCRUM and Laravel.

>> **Software Developer**

OneSeven Tech | 10/22 - Present

I am currently working at OneSeven Tech as a FullStack Engineer. I wanted to work at a startup and outside of my country (and comfort zone), and this was the perfect opportunity for me. Working with new clients every month is a challenge, but it's also a great opportunity to learn new things.

>> **Software Engineer**

Santander Tecnologia | 12/21 - 02/23
